ABOUT US

GPM specializes in the manufacturing and installation of commercial signage and location branding using the latest technology and materials. We are dedicated to the business of protecting and developing brands by creating the right impression and attracting the right attention.

GPM is a full service company that takes on high scale projects no matter the magnitude of the work. We secure even the smallest detail in our clients' requests and we ensure that GPM is capable of covering all aspects of a project.

GPM provides solutions for industrial and commercial signage. Way finding makes navigating through spaces much easier and much more efficient. We also specialize in the production and installation of commercial vehicle wrapping. We aid you in creating the right impression for your event no matter what the message might be.

GPM transforms your building by covering it with architectural materials such as aluminum sheets (alucobond).

The core of all our work lies in the electrical field. Therefore, we take pride in fulfilling all our clients' electrical needs, from indoor to outdoor.

OUR SERVICES

The core of all our work lies in the electrical field. Therefore, we take pride in fulfilling all our clients' electrical needs, from indoor to outdoor.
